Case Dimensions — length: 18.875" | width: 9.375" | height: 14.125"

Buttermilk

Chocolate

Coconut

Lemon

How did Chess Pie get its name?

This timeless Southern dessert is the stuff of culinary legends. Some say the name came from being stored in pie chests. Others say since Chess Pie is made with simple ingredients found in the pantry or chest, its name evolved from that. With the Southern drawl, "chest" became "chess." Another yarn tells of this pie being served to gentlemen as they played chess after dinner.

In spite of its perplexing name, Chess Pie has a timeless appeal that thrills the senses with rich textures and sweet flavors. With just a few simple ingredients like eggs, sugar, and butter, this pie creates a delectable treat that is perfect for any occasion. Heartland Pies by Tippin's uses Buttermilk, Chocolate, Coconut, and Lemon to create four unique Chess Pies to savor.

Heartland Pies by Tippin's are labeled and retail-ready for display in your in-store bakery.
